What a pity that the otherwise beautiful girl should have had such bad teeth. And all because she did not use Sozopox. It costs so little to buy it; considering the good it does, and its benefits stretch out into her future life. Poor girl!

Dead Shot.

Among the large number of sportsmen in the city who have been shot, may be called "dead shot," and it is true of smokers, but the "dead shot" five cent cigar sold by W. C. & A. Strohman has been tried for years and never fails. It is therefore true to its name and only requires a trifle to convives. Call for the "dead shot" and have no other.

Cuticura

BLOOD AND SKIN HUMORS,

The Scourge of Mankind. Old Methods of Treatment and Remedies die a Failure.

CUTICURA is the Great Blood Purifier and Liver Stimulant, the most searching, cleansing, and purifying agent of this country. It may be detected in the nail, skin, hair, and mucous membranes shortly after taking the first dose, showing that it has entered the circulation and been carried to every part of the system. It overcomes every disease of the System, Scrofula, Cancer, and Cancer, those terrible blood poisons that rot and pollute the machinery of life, and bring death with them. Taken internally in conjunction with the external application of CUTICURA, the body is quickly cured of all venereal diseases, Ulcers and Old Sores, Rheum, Psoriasis, Tetter, Ringworm, Scalp Head, Dandruff, and all Itching and Scaly Diseases of the Skin and scalp.

ECZEMA ON THE SCALP.

BREAST AND LIMBS CURED.

MESSRS. WEEKS & POTTER, GIDEON.—I cannot thank you enough for your debt of gratitude to you for having placed within my reach the wonderful CUTICURA REMEDIES, which have rendered unnecessary further search for a remedy, and in a remarkably short space of time have rid me of a loathsome disease. I discussed with Dr. Moore, who recommended them, they did me no good. The CUTICURA has stopped this unsatisfactory expense—ever if it is necessary to have the service again, let me call on your service, and you will bring the long-looked-for cure and happiness.

I have been afflicted with Eczema or Salt Rheum on my scalp, breast, and limbs for five years, during which time I have been under the care of many physicians, taking mineral springs or taking some kind of medicine. I have seen treated by Drs. ——, Dr. ——, and visited our state fair, and taken numerous medical medicines, all without the faintest approach to a cure.

At last, I began the use of CUTICURA, which was immediately successful in my case, entirely curing me. I have not had a single scalp or 15 years now. I am now in full health, and it is clean and healthy. The other parts of my body were affected in a more aggravated form, but with the same success. I now believe myself completely cured. I shall continue the CUTICURA RESOLUTION directed, for its wonderful properties, in sound health, and cooling influence on the blood. It will afford me pleasure, as I have done in many cases, to urge the addicted to use the wonderful remedies.

Yours, etc.,

STEPHEN CROWELL,

NEW BEDFORD, Sept. 30, 1878.

A RUNNING SORE

CURED IN ONE WEEK.

MESSRS. WEEKS & POTTER.—Some three or four weeks ago I ordered a box of CUTICURA for a bad case of Salt Rheum. The back of one of my hands was so bad that I could not even move from the day it arrived her hand was well and has remained so up to to-day. E. P. DAGGETT.

Revenue receipts yesterday were \$7,578.70.

The Raleigh Light Artillery has disbanded.

Peach trees have been in bloom several days.

Business appeared to be quite lively yesterday.

Popular resorts—the skating rink and the gymnasium.

These are lovely nights—if you call darkness lovely.

A called meeting of the Board of Aldermen to-night.

Our merchants contemplate a good spring trade.

The receipts of cotton were quite light yesterday.

The marriage boom seems to be on the decline.

Dull times with the county officials—not an item.

No new arrivals or departures at the hotel D'Nowell.

Train up a pig in the weigh he should go. "Nufsed."

Nothing of interest transpired at the capitol yesterday.

Yesterday was variegated with sun and cloud, but no rain.

GEO. HOWARD, of this city, has invented a new gas metre.

Yesterday was not a good day for vegetables—the market scarce.

The poultry market has been poorly supplied the past week.

Captain Timberlake is sick. Hope he will soon be out again.

Justice Barbee's court didn't convene yesterday—reason, no offenders.

Prof. Tice says we are to have another snow storm. Don't believe it.

Almost time for the baseball mania to take possession of the average youth.

Pastors will please hand or send in their church notices to-morrow, punctually.

Some one has remarked that Joshua, the son of Nun, was "Nobody's Darling."

A goodly number of our "country cousins" were in the city yesterday.

Mrs. N. W. West wants a good cook and milk-maid. Notice elsewhere.

Tone of the cotton market yesterday was rather quiet. See quotations for prices.

Hallifax Superior Court convenes next Monday. Litigants will govern themselves accordingly.

Legislators will begin to arrive in a day or so. Peanut men and boys prepare for a full charge.

Large additions are being made to the warehouse at Littleton on the Raleigh & Gaston Railroad.

It was almost too muddy on Fayetteville street yesterday for the cows even. Now you know it was rough.

We understand that a Persian gentleman will establish a factory at Durham, for the manufacture of silk.

If the weather continues, and we reckon it will, those who can afford luxuries will soon be smacking their lips over strawberries and cream.

Some one has said that Leap Year always brings an abundance of fruit. We do not know 'zactly about the fruit, but this Anno Domini is surely Leap Year.

The schedule of the mail train of the Seaboard & Roanoke Railroad has been changed. The train from Portsmouth arrives at Weidson at 2 instead of half past two.

Mr. Goodwin, Health Officer, reports that the situation regarding the city good—never better at the present time. Mr. Goodwin is certainly a good officer and is always on the go—never idle.

It is not quite time that the committee appointed by the Aldermen some time ago to look after sewers make an inspection and report? Some complaints have been made already.

Married yesterday afternoon by Rev. W. S. Black, Jas. A. Sanders, of Smithfield, Johnston County, and Miss H. M. Goodwin, daughter of Mr. Miles Goodwin, of this city. They left on the 3:30 train for Smithfield.

A lengthy debate took place yesterday between several non-interested parties as to what to do at wholesale, the greatest amount of dry goods in Raleigh. We heard the debate, but, for the life of us, we can't tell the public who does sell the most.

Our office devils can work the "Five-cent" rule every time his first attempt killed only ten minutes. He seems to work it the same way each time, but can give no rule for it. John is a puzzle himself, and it's a hard matter, we think, for a puzzle to unpuzzle a puzzle.

How about the rescue steam fire engine horses? Are they to be kept at the engine house or not? We put the query at the request of a number of property owners, who manifest a little interest in the matter and would merely like to know, you understand.

Bald Mountain has been cutting up some of its old tricks, lately. What is it? It's white on hill, anyway! "Somebody's owing to the other for foolishness." The ramblings have been heard by a number of good citizens who can't, they say, feel the best in the world as long as such a racket is kept up.

There will be a meeting at the office of Lawrence & Smith at 7 o'clock this evening, for the purpose of organizing an association to lease the old "Green Mill Pond," now owned by Messrs. Jones, Green & Powell. We learn that it is to be used for a general garden to stock the pond with fish, and otherwise make it a place of pleasure resort for the members of the association.

6 Time.
We were informed at the postoffice yesterday that the Pittsboro mail carrier made connection at Montoire yesterday, with rain and stationary or lower barometer, partly followed by southern part by falling barometer and higher temperature. Keep it up my carrier.

Personal.

Dr. Wm. J. Hawkins arrived in the city last night.

We regret to learn that Wm. S. Primrose, Esq., was detained from his place of business yesterday by sickness.

Judge Avera was in the city yesterday.

Doctors Will Differ.
The following characteristic letter speaks for itself; is plain English; needs no interpreter. Read it:

NEW MADISON, OHIO,
February 18, 1880.

My dear Friends:—I inclosed you \$3.00 for another dozen bottles of the Seven Springs "Iron and Alum Mass." My wife's health is better this winter than it has been for years, and I have spent hundreds of dollars for medicine and physician bills. This "Iron and Alum Mass" is the cheapest remedy I have found, and has done the most good, consequently I am encouraged to continue its use, notwithstanding our family physician says it is for RICHER PEOPLE with nothing more to offer. Well, we'll see. It is not a rich rich, and I suppose it would make him differ differently on POOR PEOPLE. My wife has been an invalid for years, and is getting better. "Doctor will differ." Send me the MASS. Experience is better than logic. Respectfully,

JAMES M. CARR,
A Benefactor.

Just open the door for her, and Mrs. Winslow will prove the American Florence Nightingale of the Nursery. Of this we are so sure, that we will teach others to do the same. Mrs. Winslow is helping her to survive and escape the griping, colic, and teething siege. Mrs. Winslow's SOOTHING SYRUP relieve the child from pain, and cures dysentery and diarrhea. It softens the gums, reduces inflammation, cures colic, and carries the infant safely through the teething period. It performs precisely what it professes to perform, every part of it—nothing less. We have never seen Mrs. Winslow—know her only through the preparation of her "Soothing Syrup for Children Teething." If we could ever get hold of her she is a physical savior to the infant race. Sold by all druggists. 25 cents a bottle.

Two Organs.
Regulate first the stomach, second the liver; especially the liver, as to perform the function perfectly.

It will receive at least fifteen twelfths of all the ill that mankind is heir to, in this or any other climate. Hop Bitters is the only thing that will give perfectly healthy natural action to these two organs.

They are represented in the South by Col. J. G. Hammond, so well and favorably known through the whole South. The Colonel was a gallant soldier in the Lost Cause; is an affable gentleman and a representative of Yeargan, Petty & Co., agents for Raleigh, who will supply the trade manufacturers, prices, and all are invited to call and examine the large assortment of New Spring and Summer Shades. Messrs. Belding Bros. have factories in Rockville, Hartford, New Haven, New Bedford, and Montreal, Canada, and warrant their goods as represented or money refunded. Yeargan, Petty & Co., have obtained control of a large lot of B. Bros. Silk through Col. Hammond, which they will sell at the old price. They will sell at the old price. This Silk Twist and Embroidery is KNOWN to be the BEST ever sold in this market, as it has been sold by this House for the past two years, and never failed to give satisfaction. Yeargan, Petty & Co., gives free of charge a book of silk shading to any Merchant who buys the silk. 25cts.

Charles S. Prentiss, of Toledo, O., went to Paris and thence to England to be treated for Bright's disease, and after the best physicians of both countries had done what they could for him, gave up in despair and returned to America to die. Here he received further treatment, from one of the best physicians without benefit, and while listlessly lingering in pain and anguish, he says, heard of the Safe Kidney and Liver Cure, took it, and was completely cured in a few weeks. He gives circumstantial details of his painful experience and astonishing cure, in a long letter to H. H. Warner & Co., which will be forwarded on application.

The Ladies' Favorite.

Among the many thousands of ladies who have used Dr. Pierce's Favorite Prescription and praised it, their favorite prescription because of its efficacy in curing the diseases and weaknesses peculiar to women, are many who are well and favorably known in the world of letters, as well as artists, musicians, and a whole host of names from the brilliant ranks of wealth and fashion. It is presented in the latest and handsomest of packages, its use, while being far more safe and efficient, exempting them from those painful, caustic operations, and the wearing of those mechanical contrivances made like Peter Pindar's razors—sellers' razors—to sell, rather than to cure.
